Engr. James D. Ward Smith
1st Regt of Cav Mo

VOLUNTEERS.

Died Aug 16 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company. One he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMANDING OFFICER commanding the company will certify to the act of the delivery of the duplicate certificate; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment contained on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is that the remaining portion of the Soldier's account may be relied upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are paid by the 31 Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to baggage, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Money paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Annotate the the Soldier and Landowners must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well upon the final statement, otherwise the account cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—When a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the General Auditor, Washington, D. C.

ARTICLES OF WAR.

ART. 52. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an inventory of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have caused to leave the regiment or post, by preference or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

PAR. 121. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 52th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Such inventory will be endorsed, "Inventory of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receives the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 122. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representative of the deceased.

PAR. 123. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. Your note enclosing Descriptive Roll of Private Geo. W. Watson 7th Calif Mo. Vols. is received. In reply I would state the man cannot be mustered out of the service until he has been mustered in.

If this man was with his Company he might be mustered to cover his enlistment, upon his Company Commander certifying that he was regularly enlisted and had performed the duty of a soldier during the time claimed, giving a detailed statement of the service.

But as it now stands, this is a case that can only be adjusted by the Adj't Gen'l of the Army to which it should be referred with a full and complete history of the man.

I have the honor to refer to you the case of George W. Watson, Private of Co M 7th Mo. Cav who has requested to be mustered into the service, in order that he may be discharged on account of disability. He was enlisted Sept 16, 1862, and on the 28th of December following, in the charge on Tauburn Ark, his horse fell with him, infuring his spine, so that he has never done any duty since, and is now walking on crutches. He is in Hospital at Benton Barracks.

It seems to me the surgeons under whose charge he has been, have done injustice to the U.S. in keeping him so long. I enclose

Private Henry Busch
E 7th Regt of Mo. Cavalry

VOLUNTEERS

Died Nov. 13. 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged without being mustered out. (Final Statements are never given to men mustered out of service.) That he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates, with these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. The endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the Company Commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be noted upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his last final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are noted by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Money paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landwarrant must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—When a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, to the Adjutant General, Washington, D. C.

NOTE 9.—If the Soldier is a drafted man or substitute, the space for time, &c., of service, should contain only the word drafted or substitute, as the case may be. If the Soldier is a "VETERAN," (or RECRUIT,) the words on a contract, (or recruit,) as the case may be, should be interlined after the words entered under the service of the U. S. A statement of all the battles of the Union or State Army RECEIVED by the Soldier must be made on the back of each final statement.

When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, shew his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by permission or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be accounted for, and paid to, their respective representatives.

FORM OF A MEDICAL CERTIFICATE.

Capt Jas M Hightman Co. L, of the Seventh Regiment
of Car Mo Vols

having applied for a certificate on which to
ground an application for leave of absence, I do hereby certify that I have carefully examined
this officer, and find that

he has been suffering from
frequently recurring attacks of Intermittent
and Remittent Fever since about the
1st day of July 1864. He is now much
debilitated.

And that, in consequence thereof, he is, in my opinion, unfit for duty. I further declare my
belief that he will not be able to resume his duties in a less period than Thirty (30) days
and that change of climate is necessary to
prevent permanent disability

FINAL STATEMENT

Henry Willerson
7th Regt. Conn. Vol.

VOLUNTEERS.

Died July 19, 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commanding officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is to be certified to the discharge, and should also present his discharge to the Paymaster to have the payment ordered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his team, the Company Commander will certify to that fact on the back of both the final statement, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statement, he should take it, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statement, the clothing account, and all other charges against him or in his favor, or as he compares a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statement from the fact that his descriptive list is incomplete. These accounts for back pay, &c., reported by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipment, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landwarrant must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statement, in duplicate, to the Second Auditor, Washington, D. C.

NOTE 1.—This blank will be used for both enlistments and re-enlistments of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment binds to service. A recruit must, in all cases, receive payment of pay, bounty, pension, &c. A recruit will want, in all cases, to file in the Adjutant General's Office an evidence of receipt. The recruiting officer, commissary, or assistant commissary of recruits, as the case may be, will accompany both enlistments as having transferred the soldier into the service of the United States before either of them is given to the recruiting officer.

FINAL STATEMENT

Serg George W. Williams
Co. D Regt of Cavalry 7th Missouri

VOLUNTEERS.

Died Nov 25 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company that he may at once receive from the Paymaster the pay, due him, and the captain or other commanding officer commanding the company will certify to the act of the delivery of the duplicate certificate, as these certificates the Soldier is "entitled to" his discharge and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster, the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final accounts, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his duplicate, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the discharging account, and all other charges against him or in his favor, so as to complete a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to his understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be completed. The object of this is that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements. Note that the descriptive list is incomplete. These accounts for each pay, etc., are sent by the 3d Auditor of the Treasury Department.

NOTE 4.—Changes for loss or injury to weapons, horse equipments, and other accessories should, should appear under the heading of "Other Charges."

NOTE 5.—Grants paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Accounts due the Soldier and Landwarrant must be entered on the statement on which the discharge, final statement, etc., is reported, so that when the final statement, otherwise the account must be entered on the final statement.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as the others.

NOTE 8.—When a Soldier dies by accident or on detached service, his duplicate, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

For 1860 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, detachment of the urinary organs, syphilis, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DISPOSITIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detached to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward three copies to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge vested men may be specially assigned.

When certificates, after having received the notice of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last sentence on this paper; see that the soldier is furnished with the proper discharge in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given out at the hands of the soldier.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistments of veterans, etc., etc., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the recruiting officer (not the recruiting officer) to the Adjutant General, and one to accompany the certificate of the officer who pays bounty, etc. The Regiment and Company in which the soldier last served should be given on the back.
 NOTE 2.—An enlistment binds to service. A recruit must, in all cases, receive payment of pay, bounty, pension, etc. The recruiting officer, commanding, or assistant commanding of recruits, or the man may be, will accompany both enlistments as having received the soldier into the service of the United States before either of them is given to the recruiting officer.

beyond a slight derangement of his stomach and

him affected with any disease that would interfere
with the performance of his duties with his Command.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p. &c.* &c. to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and the disability, the nature, degree, and origin of which are fully described in the within certificate."

See *1865 Regulations*, Edit. 1881.

Medical officers, in giving certificates of disability, are to state the particular cause in all cases that have not been under medical charge; and especially in epilepsy, convulsions, rheumatism, derangement of the urinary system, gonorrhea, ulcers, or any obscure disease, liable to be cured or partially produced; and in no case shall such certificate be given until after a full and careful examination to detect any attempt at deception.

REGULATIONS.

Certificates will be made out in duplicate by the soldier's company commander, or other officer commanding the company detached from the hospital, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will examine and sign the surgeon's certificate, and forward them to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channels, to his division commander, or, if the troops are not organized in divisions, to his corps, department, or other commander or officer, as the case may be. The certificate to discharge called men may be specially

forwarded after having received the action of the Medical Inspector, in which they are required to be sent, and be returned to the regimental, detachment, or post commander, who will, if the discharge is authorized by the commander, forward them, with his action endorsed thereon, through the proper channels, to his division commander, or, if the troops are not organized in divisions, to his corps, department, or other commander or officer, as the case may be. The certificate to discharge called men may be specially

ARTICLES OF WAR.

ART. 25 When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, in fact they have accounted to their representatives for the same, have occasion to leave the regiment or post, by pretermitted or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

DIRECTIONS.

NOTE 1.—One copy of the inventories of the effects of deceased non-commissioned officers and soldiers, required by the 25th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., in duplicate, will be sent to the Adjutant General with one copy of the inventory. Both inventory and final statements should be forwarded, as a general rule, through Regimental Headquarters. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish, direct to the Adjutant General, the required inventory and final statements, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of ———, late of company (—) ——— regiment of ———, who died at ———, the ——— day of ———, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported on the blank for inventory.

NOTE 2.—Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

NOTE 3.—In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds duly certified by the Council and commanding officer, (Form 5) accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of ———, late of company (—) ——— regiment of ———, who died at ———, the ——— day of ———, 186—."

NOTE 4.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 5.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

NOTE 1.—This blank will be used for both enlistments and reenlistments of volunteers, etc., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting papers of the recruiting agent (and the recruiting agent) to the Adjutant General, and the other to accompany the records of the office who pays bounty, etc. The Regiment and Company to which the soldier is attached should be given on the back.

NOTE 2.—An enlistment binds to service. A recruit is bound, in all cases, to accept payment of pay, bounty, pension, etc. A recruit is not bound, in all cases, to find in the Adjutant General's Office no evidence of bounty. The recruiting agent, secondary, or assistant recruiting agent of recruit, in the case may be, will accompany both enlistments on having received the soldier into the service of the United States.
